TEACHING

A Dream Worth Whatever It Takes

PEAK's **Teaching for Excellence** Summer Institutes are enlightening, empowering and engaging experiences that profoundly increase educator effectiveness and student achievement. Combine your best practice with new thinking and tools that will work together to achieve extraordinary student success.

This comprehensive approach incorporates the findings of the best researchers and thousands of successful implementing practitioners. It empowers educators to help every student succeed. Join the teachers, administrators, schools and districts that are producing huge achievement gains using this framework.

SESSION LEADERS

Spence Rogers is the creator of the PEAK Teaching for Excellence Model™ and President of Peak Learning Systems. He is consistently praised for his ability to model and teach the very best of research-supported practices that integrate curriculum, instruction and assessment. He is an award-winning instructor, staff developer and author.

Chane Beam is a National Board Certified Social Studies Teacher with over 20 years of experience in education. In addition, he has served as Social Studies Department Chair, Athletic Director and Head Boys Basketball Coach for his high school.

Renée Brice has over 18 years of experience in education, during which she has served as a middle and high school teacher as well as Science Department Chair. Renée is a recipient of North Carolina State University's Inspirational Teacher of the Year Award, and served as Cambridge Who's Who Among Executives, Professionals and Entrepreneurs.

College Credit Available

“To get different results, do things differently.”

FOR EXCELLENCE

TEACHING FOR EXCELLENCE SUMMER INSTITUTE JULY 9 - 13, 2012

Use Research-Supported Brain-Compatible Tools to:

Context

- Increase student motivation, engagement and learning
- Build and maintain a classroom environment in which students work harder and learn better
- Reduce discipline problems

Content

- Deepen understanding
- Prepare your students to excel on major assessments
- Improve system assessment results
- Use assessment to simplify teaching

Process

- Improve the quality of student work
- Increase student accountability
- Use assessment to teach and boost motivation, achievement and retention
- Grab students' attention and keep it
- Use questions to engage every learner
- Give directions so every student follows them correctly
- Use feedback effectively
- Use every minute of class effectively
- Integrate assessment with instruction
- Use current brain-compatible teaching strategies

Benefits

- Maximize teaching time
- Reach higher standards and reduce achievement gaps
- Make teaching easier and more rewarding
- Impact students you thought were unreachable
- Learn how to proactively go beyond all the expectations of RTI and profoundly impact learning

K-12

Learn

- Teaching and assessment strategies that significantly raise achievement
- How to effectively work with difficult learners
- Classroom curriculum approaches that accelerate and deepen learning
- Ways to improve learning and exceed standards
- Decision screens used by the most effective teachers
- Techniques that ensure success with the best strategies

For administrators, learn how to effectively lead and support instructional improvement

“Teaching for Excellence is proactive, and a highly effective approach to a RTI and ‘Multi Tiered Systems of Support’ model to ensure success for ALL learners”

— Erika Burkhardt
Early Intervention Coordinator
Allegan AESA
